

CleanPowerSF SuperGreen Product Information

2017 PROSPECTIVE PRODUCT CONTENT LABEL ¹

SuperGreen matches 100% of your electricity usage.

A percentage of this product's renewable content, listed below, is satisfied by renewable portfolio standard (RPS) state-mandated renewables that also meet Green-e Energy eligibility rules, up to the 100% renewables that CleanPowerSF must provide you under State's RPS rules. 100% of the product's renewable electricity content is Green-e Energy certified.

In 2017, SuperGreen will be made up of the following new renewable resources averaged annually.

Green-e Energy Eligible Mandated Renewables in SuperGreen		Generation Location
-Wind	25%	California
Total Eligible Mandated New Renewables	25%	
Green-e Energy Certified Voluntary New ² Renewables in SuperGreen		Generation Location
-Wind	73.5%	California
-Solar	1.5%	California
Total Green-e Energy Certified Voluntary New Renewables	75%	
Total Certified New Renewables	100%	

1. These figures reflect the renewables that we have contracted to provide. Actual figures may vary according to resource availability. We will annually report to you before August 1 of next year in the form of a Historic Product Content Label the actual resource mix of the electricity you purchased.

2. New Renewables come from generation facilities that first began commercial operation within the past 15 years.

For comparison, the current average mix of resources supplying California includes: Eligible renewables (21.9%), Coal (6%), Nuclear (9.2%), Natural Gas (44%), Hydroelectric (5.40%), and Unspecified sources of power (13.50%). This resource mix was estimated annually by the California Energy Commission based on the electricity sold to California consumers during 2015.

The average home in the City and County of San Francisco uses 371 kWh per month. [Source: U.S. EIA, 2013]

For specific information about the SuperGreen product, please contact CleanPowerSF, (415) 554-0773, CleanPowerSF.org or email cleanpowersf@sfgwater.org

SuperGreen is Green-e Energy certified, and meets the environmental and consumer-protection standards set forth by the nonprofit Center for Resource Solutions. Learn more at www.green-e.org.
