

**2006 Resolutions
Adopted
By The
SFPUC Full
Citizens'
Advisory
Committee**

Resolution passed by the SFPUC at its regular monthly meeting of Feb. 28, 2006

Whereas, ‘greening projects’ are intended to enhance the livability of the City and potentially improve the effectiveness of San Francisco’s stormwater system; and

Whereas, the CAC supports these goals of Greening Projects, now therefore be it

Resolved, that the SFPUC should be the lead agency for early review and approval of projects that impact the City’s drainage.

Further resolved, the CAC urges the SFPUC to carefully develop criteria for the review and funding of greening projects.

Further resolved, the CAC supports criteria that shall include but not be limited to:

- a) Quantifiable benefits for stormwater desynchronization, separation, storage, treatment, and discharge;
- b) Project priority in terms of location and population affected;
- c) Applicability of project to other locations; and
- d) Cost sharing/allocation; and
- e) Life-cycle cost effectiveness
